

RHODESIAN GREEN BLAZER

TIP 1
 Measure chest and tummy:
 Place fingers behind the tape.
 Breathe in normally, then tension
 the tape firmly, do not overtighten.

TIP 2
 For top of full length measurement:
 Measure from where the collar
 attaches to the top of the shirt.

TIP 3
 For bottom of full length measurement:
 Measure where buttock joins thigh
 or hold a pen as shown, and use
 the pen as a guide for the bottom
 measurement of the jacket.

MEASUREMENTS - PLEASE READ CAREFULLY - WE MAKE THIS JACKET FROM YOUR MEASUREMENTS:

Take all measurements wearing the type of shirt and undergarments that you intend to wear with this jacket.

- 1) Chest Circumference - see Tip 1
- 2) Tummy Circumference at widest part - see Tip 1.
- 3) Sleeve Length measured with arms down; from outside tip of shoulder to wrinkles in wrist.
- 4) Full Length measured from where shirt collar attaches to shirt to bottom of buttock/pen in hand - see Tip 2 and 3.
- 5) Lay one of your comfortable fitting shirts on a flat surface and measure as detailed in Tip 5 below.

**TIP 5 - half chest measurement.
 Lay shirt on a hard flat surface**

- 1) 50mm down from sleeve junction on seam
- 2) Measure across to corresponding side of the other seam
